"The Northwest's Premier
Rural Living Experience"

September 18, 2007

To Whom It May Concern:

Hamza Alrubaiti of Ornamental Plaster Expert has done excellent work with the rehabilitation of our historic City Council Chambers in Baker City, Oregon. The plaster repair within the 100 year old building required the formation of intricate moldings that Mr. Alrubaiti was able to match perfectly with the existing trim.

His attention to detail and focused concentration was evident each day he was with us on the job. The efforts of his restorative plaster work will remain as a visible testament to his talent. I would recommend Hamza to anyone in need of his particular services.

Sincerely,

Steve Brocato
City Manager
