September 21, 2007

Re: Ornamental Plaster Expert,

Mr Hamza Alrubaiti has done plastering work for our Church during the week on September 17-21, and I have posted some pictures of his work on our parish web-site.

If it is agreeable with you, you may want to post a link on your web-site so that people can see some of the pictures of his work. Our web-site is: [www.saintfranciscathedral.com](http://www.saintfranciscathedral.com) and the link that has his work is "The Cathedral" link, although all the other links are quite interesting to showcase the beauty of our Cathedral which is celebrating its centennial in 2008.

I thank you for your kindness and cooperation in this matter.

Sincerely,

Fr. Julian Cassar
